

HOW TO PREVENT CONTACT FORM 7 FROM LOADING ON EVERY PAGE (WORDPRESS PLUGIN)

[Contact Form 7](#) is a great contact form plugin for **WordPress**, but it loads its Javascript and CSS on every page on your site, even when you don't have a contact form there. Let's fix that by loading the scripts and styles only on the pages that need them.

Add the following code to your theme (**functions.php**) or plugin to load the scripts and styles only on pages that have a contact form.

```
/**
 * Contact Form 7
 * Prevent the javascript and styles from loading on every page
 * Load them only on the Contact page
 */

/* Removes the Contact Form 7 scripts and styles from all pages */
remove_action( 'wp_enqueue_scripts', 'wpcf7_enqueue_scripts' ); // Prevents the scripts from loading on all pages
remove_action( 'wp_enqueue_scripts', 'wpcf7_enqueue_styles' ); // Prevents the styles from loading on all pages

/* Adds the Contact Form 7 scripts and styles to the appropriate pages */
add_action( 'wp_enqueue_scripts', 'new_cf7_loader' ); // Loads the scripts and styles on the appropriate page(s)

/* Load the Contact Form 7 scripts and styles on the appropriate pages */
function new_cf7_loader() {
    if ( is_page( array( 'contact', 'another page' ) ) ) { // Add all pages here that contain the contact form
        wp_enqueue_style( 'contact-form-7', wpcf7_plugin_url( 'styles.css' ), array(), WPCF7_VERSION, 'all' );

        wp_enqueue_script( 'cf7.jquery.form.js', wpcf7_plugin_url( 'jquery.form.js' ), array(), WPCF7_VERSION, true );

        wp_enqueue_script( 'cf7.scripts.js', wpcf7_plugin_url( 'scripts.js' ), array(), WPCF7_VERSION, true );
    }
}
?>
```

FOR THE NEWER VERSION OF CONTACT FORM 7 (3.3.2)

– (by HeelpBook Staff)

```
/**
 * Contact Form 7
 * Prevent the javascript and styles from loading on every page
 * Load them only on the Contact page
 */

/* Removes the Contact Form 7 scripts and styles from all pages */
remove_action( 'wp_enqueue_scripts', 'wpcf7_enqueue_scripts' ); // Prevents the scripts from loading on
all pages

remove_action( 'wp_enqueue_scripts', 'wpcf7_enqueue_styles' ); // Prevents the styles from loading on
all pages

/* Adds the Contact Form 7 scripts and styles to the appropriate pages */
add_action( 'wp_enqueue_scripts', 'new_cf7_loader' ); // Loads the scripts and styles on the appropriate
page(s)

/* Load the Contact Form 7 scripts and styles on the appropriate pages */
function new_cf7_loader() {

if ( is_page( array( 'contact', 'another page' ) ) ) { // Add all pages here that contain the contact
form

wp_enqueue_style( 'contact-form-7', '{yoursite}/plugins/contact-form-7/includes/css/styles.css',
array(), WPCF7_VERSION, 'all' );

wp_enqueue_script( 'cf7.jquery.form.js', '{yoursite}/plugins/contact-form-7/includes/js/jquery.form.js',
array(), WPCF7_VERSION, true );

wp_enqueue_script( 'cf7.scripts.js', '{yoursite}/plugins/contact-form-7/includes/js/scripts.js',
array(), WPCF7_VERSION, true );

}

}

?>
```
